Do you want to discover who you really are?

Sometimes you reach your goals faster if you take your time. This is why we offer you time **for career orientation, spiritual growth, personal development and social engagement**. Opportunities to meet these goals include living together in an international environment, mentorship, internships, and outreach trips. We guarantee **10 exciting months that will change your life**. If you are between 17 and 23 years of age and wish to dive into the German language and culture, this is the program for you.

CAREER EXPERIENCE

Explore various internships during the Orientierungsjahr in the industrial, skilled labor, social, administrative, and academic fields. Through these internships as well as personality courses and mentoring, you will be able to discover what best suits you. Over 170 different establishments and companies await you!

BIBLE SCHOOL

Lecturers come from Germany and abroad to teach courses on **relevant topics and books of the Bible**. Other components include a discipleship course, drama, and music workshops. By getting to know God's word better, you will be able to deepen your relationship with Jesus Christ.

DISCIPLESHIP

In the Orientierungsjahr, we value community. After all, we follow Jesus together. Community is made very practical in the shared housing where participants grow in independence. Additionally, each participant is accompanied by a mentor.

OUTREACH

For the duration of the Orientierungsjahr, you will have the opportunity to participate in **outreach trips all over Germany**. A two-week **outreach trip to a foreign country** is also part of the program.

Internationality

Half our participants grew up outside of Germany due to their parents' professions. This intercultural atmosphere makes for an exciting and fun year!

The Start

The Orientierungsjahr starts in September and ends in June of the following year.
